Methods and Statistics in Social  
Science - Final Research Project

03/08/2018

**Jesús David Zarza Mota**

has successfully completed the online, non-credit Specialization

## Methods and Statistics in Social Sciences

Identify interesting questions, analyze data sets, and correctly interpret results to make solid, evidence-based decisions. This Specialization covers research methods, design and statistical analysis for social science research questions. In the final Capstone Project, you'll apply the skills you learned by developing your own research question, gathering data, and analyzing and reporting on the results using statistical methods.

Dr. ir. E.E. van Loon
