Summary

I have been an artist all my life. The only thing that varies from time to time is the media that I use. I love to help others especially if I can use my expertise to do it. That is why I am a lifelong student. I am always ready to learn something new everyday and put it to good use helping others. My ideal job would be a position that would not only use both my Graphic Design abilities, but my medical background as well.

Experience

Graphic Designer

Mellane Creative Designs

Jun 2020 - Present

A recent graduate of Full Sail University where I discovered new skills and talents that were cultivated by many talented instructors along the way to graduation. I feel that my talents best lend themselves towards web design, UI, and motion graphics. I enjoy using Dreamweaver, Illustrator, Photoshop, After Effects and Indesign

Student

Full Sail University

Feb 2018 - Present (2 years 5 months +)

Homemaker

Housewife

Jan 2014 - Feb 2018

Education

Full Sail University

Bachelor's degree, Graphic Design

2018 - 2020

As a graduate of Full Sail University's Bachelor of Science in Graphic Design program I learned graphic design fundamentals such as typography, branding, and page layout. The program exposed me to the unique requirements of the graphic design field, which included tight deadlines and specific creative guidelines. Online instruction included real-time lectures conducted over the Internet; where I had the opportunity to learn from industry professionals. I prepared for my career by working on industry-standard equipment and using professional quality software.

Everest Institute-Grand Rapids

Medical Assistant, Medical/Clinical Assistant

2001 - 2001

Basic human anatomy and physiology, disease processes, medical terminology, first aid, assisting with examinations, and performing procedures. Learning direction on administrative office skills including medical charting and filing, basic word processing and computer information, customer service skills, and various other routine medical office procedures.
